## Spa of the week

Beyond MediSpa  
at Harvey Nichols,  
London

### Who goes?

Keira Knightley (below) is a big fan of the gloTherapeutics products used here.

### Why is it so special?

Located in Harvey Nichols department store in Knightsbridge, London, Beyond MediSpa is a haven of calm and tranquillity. After a long day's shopping, pop in for an hour or two of relaxation.

### What treatments are on offer?

Try the new, revolutionary gloTherapeutics Vitamin C Facial, (£150 for one hour). Using the latest collection of vitamin C serums, the 12-step facial promises fabulous results and is designed specifically to wage war on wrinkles! After just one treatment, skin looks fresh and more youthful. Alternatively, if you want to lose a few inches, try a VelaShape treatment (£300 for one hour). This non-surgical alternative to liposuction works wonders on cellulite and leaves your skin feeling smoother, firmer and tighter.

### Any special packages?

The Beyond MediSpa Luxury Package (£550 for four hours), can be tailor-made to the individual, including a Bespoke Facial, Visia Skin Complexion Analysis, Energising Dry Body Brushing, VelaShape Body Contouring and Aromatherapy Body Massage.
